Subject: Abatement Extension, Cessation Order #MC-06-01-08, Sierra Starlight Quarry, M0030049, Box Elder County, Utah

Dear Mr. Peterson:

Please find enclosed a modification to cessation order #MC-06-01-08, which provides additional time to complete the transfer of the Sierra Starlight Quarry to Gold Star Stone, Inc. This modification allows you until February 1, 2007 to complete the transfer process, which includes posting a reclamation surety and contract.

Please note that should you fail to complete the abatement requirements as outlined, a civil penalty of not less than \$750 will be assessed for each day during which such failure continues. We encourage you to complete the abatement requirements as quickly as possible, so that the cessation order can be terminated and you can avoid any further penalties.

If you have any questions please call me at (801) 538-5325 or Lynn Kunzler at (801) 538-5310.

Sincerely,

Daron R. Haddock
Permit Supervisor

Mine Name: Sierra Starlight Quarry Permit Number: M0030049

Cessation Order No MC-06-01-08 dated August 10, 2006

Part 1 of 1 is modified as follows:

1. Time extended to February 1, 2007 to complete permit transfer from Sierra Stone, Inc to Gold Star Stone, Inc

To complete transfer, the following is required:

- The transfer form needs to be corrected to properly identify Gold Star Stone, Inc. as the operator vs. Gold Star Stone.
- a permit area map (scale 1"=200') which includes a label identifying the map as Appendix A, a legend that includes: operator name, site name, acres, legal description, acres, the permit number (M0030049), a north arrow, a scale, and be dated.
- The reclamation surety of \$18,600.00 in an acceptable form must be submitted.
- An original reclamation contract for small mining operations must be completed and submitted to the Division.

These items were identified in the Division's December 15, 2006 letter to Sierra Stone, Inc, and copied to Gold Star Stone, Inc.
